VALUE – SELF-CONTROL

29th June 2018

Communication.

Communication is key. It is key to making us the school/academy that we are, but we need to ensure that if something is not working we can look at how we can make things better. Since I started at St. Giles, I have ensured that I am available most mornings and afternoons to answer any queries or questions.

Recently we have tried to become as environmentally friendly as we are aiming to be at least 70% paperless. Our newsletter (this one, printed this time) will always be posted on Facebook and copies are available in the office.

We do use Facebook, twitter and class dojo to communicate on a day to day basis. We ensure that our social media accounts are open so you don't have to sign up to them to view our posts and achievements – you just need to have access to the internet or a smartphone. Our twitter account is really flourishing -

Have a great weekend

Mr Grace

Thank you - Summer Fair

I wanted to take this opportunity to thank everyone who donated a bottle for our World Cup day celebration – the response was amazing.

We cannot wait for the summer fair. It is at 1.30pm Tuesday 3rd July. Children can be picked up from their classroom at 1.20pm. We would still appreciate donations for our stalls and tombola.

All money raised will be going towards improving the playground provision.
Many thanks in advance!
